The ERA-net on ECO-INNOVATION

The primary objective of the **ERA-net** project will be to pool Europe's most relevant research and innovation programmes on eco-innovation in order to **reduce the fragmentation of the European research landscape** in this field.

(Call text of the ENV.2010.3.1.4-2 ERA-net on Eco-innovation)

ECO-INNOVERA RESULTS

- ✓ Achieved a **leverage effect** by launching two calls for proposal
 - the 1st Call supported by 13 funding partners with a budget up to 15 M EUR
 - the 2nd Call supported by 12 funding partners with a budget of up to 10 M EUR
 - 12 projects selected for funding

- ✓ **Exchange of staff** for sharing best practice on eco-innovation funding opportunities

ECO-INNOVERA RESULTS

- ✓ Attract **stakeholders' participation** and interest
 - Relevant policy events: European Strategy Workshop Resource Efficiency, Workshop on eco-innovation parks, ECOPOL Conference "Accelerating eco-innovation policies",...
 - Publications on (systemic) eco-innovation
 - Acting as a networking platform
- ✓ Links with other **EU projects** (GreenXpo, ECO-PRO, etc.) and initiatives (Eco-Innovation Observatory)
