National Specification for R&D Call 1

Wallonia - Belgium SpW-DGO6

[Directorate-General operational for Economy, Employment and Research \(DGO6\)](#) belonging to the **Walloon public Service**, is the legal administration in charge of funding applied research for new technologies and energy for industries, academia and research centres, as well as of related international scientific co-operation. It is therefore the key advisory body for the Regional government authorities involving research and innovation policy.
