### **National Specification for R&D Call 2**

Israeli Industry Center for Research and Development (MATIMOP-ISERD)  
Israel

#### **SHORT TEXT EXPLAINING THE ORGANIZATION**

##### **Funding agency:**

The Office of the Chief Scientist (OCS) of the Ministry of Industry, Trade and Labor oversees all government sponsored support of R&D in the Israeli industry. It operates through the R&D Fund, as well as a gamut of domestic and international programs, agreements and collaborations.

##### **Management agency:**

The Israel-Europe R&D Directorate (ISERD) is operated through the Office of the Chief Scientist of the Israeli Ministry of Industry, Trade and Labor. ISERD promotes the participation of Israeli entities in R&D ventures within the European Research Area. ISERD operates in various channels such as: FP7 for Industrial and academic research; Eureka for industrial cooperation; Bi-National programs; EEN and programs co-funded by Israel and the EU.

### Other specification

Industrial partners are eligible for funding. Proposals must include a single or multi-year programme that will provide know how, processes or methods for the manufacture of a new product or the significant improvement of an existing product, or a new process or a significant improvement in an existing process. The product must have a sizeable potential for sales. The support is in the form of a conditional grant amounting up to 50% of the total approved R&D budget.

Israeli participants approved by the Eco- Innovera call steering Committee for funding will be required to submit a proposal to the R&D fund and will be funded based accordingly on the national rules.

More details and application forms in Hebrew are available from the website
